PORT JERVIS HIGH SCHOOL  
PORT JERVIS, NEW YORK

The Indian is a symbol of Young America. It was the Indian who taught the white settlers how to survive that first winter in the new world.

The land on which Port Jervis is located and the surrounding hills were at one time the home of the Lenni-Lenape Indians. Their habitations were wigwams of bark usually built in oval shapes. They ate from cleverly decorated clay bowls and dressed simply in deer skins and fur pelts. From the colorful history of these Indians we have drawn the theme for our yearbook.

The Class of 1953 like the Indian is the first of a new kind of civilization. Modern science may entirely change the destiny of the world. Will we like the first real Americans play an important part in the history of a new and scientific world? The way may be hard, but, if we remember and practice the courage and perseverance of the true Indian, we will surely find that we will not be left behind in this world of great progress.

## CLASS OF 1953

The years you have spent in high school may have seemed to be long and difficult at the beginning but now that you have arrived at a point where you may look back, it is quite likely that they appear to have been all too short.

Many friendships that have grown out of your associations, the multitude of experiences which you have enjoyed, and the countless tasks which your teachers have assigned to you in the various courses you have taken now all blend together into a whole, which is your high school education. This, I'm sure you recognize to be only the beginning, a preparation for that long term education which you will experience throughout life.

As you enter upon this further education, may I remind you that you are important people. It is necessary for you to always keep that fact in mind and to never forget that as important people what you think, what you say, and how you act in all of your associations with individuals and groups is very important not only to you but to society as a whole. As an important person, you are a responsible citizen, one who is ready and willing to use his talents wherever there is a constructive job to be done. We believe you are important and that your actions will justify this trust in you.

Dear Seniors,

The four years have passed speedily since you entered Port Jervis High School as freshmen. I trust they have been as happy for you as they have been for me.

You have just completed the first step in our democratic way of life. May each succeeding step be rich in pleasure, full of service, and gratifying to your ambitions and those of your parents and friends.

The faculty and I extend our heartiest congratulations.

Sincerely yours,

## In Memoriam

In our memory there will always be a place for William Oppelt, whose friendly smile remains with us through the years. Even though Bill has entered into the far richer life of the Hereafter, there will always be a warm feeling in our hearts for him.

His parting from us leaves us with the thought that we have lived yesterday, have seen today and will not be afraid of tomorrow.

## SHORTHAND CLUB

The Shorthand Club, which consists of sixteen members, held its initiation supper last October in the high school where fourteen new members were initiated.

During the year the club has sold typing and shorthand supplies to the classes. The meetings were held every two weeks on Friday morning during school.

This spring the club took a week-end trip to New York and visited various places of interest.

The Senior Cheerleaders cleared their first hurdle this year by organizing a campaign to promote school spirit. During the year they put on a pep assembly before each football game and a few before important DUSO basketball games. An exceptionally good pep rally was held before the Thanksgiving Day game in which Port Jervis was the victor. The cheerleaders also attended all varsity football and basketball games, both at home and away.

For the Thanksgiving game and for basketball season, the cheerleaders bought new bright red skirts which were very attractive.

## LATIN CLUB

*Veni, Vidi, Vici*

Our club consists of Latin students who have mastered two or more years of Latin. We hold monthly meetings at which new ideas are discussed and plans are made for the future.

This year has been an especially busy year for the club. In September over fifteen new members were initiated at a supper party held in the high school cafeteria.

We had a goal this year to visit New York City to see the many interesting places connected with Latin. To do this we needed financial aid, so we had a number of food sales. These turned out very successfully, and we shall probably make the trip in the spring.

We have also arranged for the motion picture "Julius Caesar" to be shown at the high school for interested students.

The members of the Senior Band enjoyed a very successful year. As usual they performed very capably at all home football games and all out-of-town DUSO games. What they lack in numbers was made up in spirit and hard work. At Christmas they combined with the Mixed Chorus to render a very enjoyable assembly. The members of the band journeyed to West Point to attend the Christmas Concert of the United States Military Band. They have played for all school assemblies and performed for several civic parades. Their annual Spring Concert will be April 24. On May 7 they will take part in the Orange County Music Festival at Newburgh.

The second year that Port Jervis had a J.V. schedule proved to be just as successful as last year, since the team went out in front and won all their games.
